

Waterfall model

1. Requirement definition — *ବିଷୟ requirement*
2. System & SE design — *ଦିଅନ୍ତୁ SE design for either software & hardware follow requirement*
3. Implementation & unit testing — *unit testing*
4. Integration & system testing — *test everything together*
5. Operation & maintenance — *କାର୍ଯ୍ୟକାରୀ system ପ୍ରଦାନ + Maintenance involves error correcting & improve implementation of system*

Evolutionary development

Component-based software engineering
